St. Louis, Missouri | (314)-640-3588 | aryaan314@gmail.com | [linkedin.com/in/aryaan-sheikh-74b29120b](https://www.linkedin.com/in/aryaan-sheikh-74b29120b)

Professional Summary

Recent UMSL graduate (BSBA, Information Systems & Technology) with a Google IT Support Professional Certificate and hands-on lab experience in Active Directory, networking, and system troubleshooting. Combines technical support skills with a track record of diagnosing issues, maintaining data accuracy, and explaining solutions clearly to non-technical users. Seeking an entry-level IT Support, Help Desk, or Desktop Support role.

Technical Skills

Operating Systems & Support: Windows OS, Linux (Ubuntu), macOS troubleshooting, Microsoft 365, Remote Desktop Support

Networking: TCP/IP, DHCP, DNS, OSI Model, Network Troubleshooting, Network Protocols, Wireshark

Systems & Administration: Active Directory, Group Policy (GPO), Server Administration, System Configuration, Systems Analysis, IT Infrastructure

Tools & Platforms: Command Prompt, VirtualBox, Microsoft Office Suite (Word, PowerPoint, Excel, Teams)

Certifications

Google IT Support Professional Certificate — Google/Coursera, Issued June 2026 | [View Credential](#)

Projects

Windows Server Active Directory & DHCP Deployment | Home Lab Configuration *August 2026*

- Deployed a Windows Server 2022 domain controller and promoted it to establish a new Active Directory forest with integrated DNS
- Configured a DHCP scope for centralized IP management and joined a Windows 11 client to the domain, resolving DNS configuration issues during setup to enable a successful domain join
- Administered Active Directory Users and Computers (ADUC), creating Organizational Units, user accounts, and security groups to structure directory permissions
- Built and enforced a Group Policy Object (GPO) restricting user-level system access, validating deployment with gpupdate /force
- Diagrammed the network topology and published full technical documentation, including configuration screenshots, to GitHub: github.com/Aryaan314/Active-Directory-Home-Lab

Work Experience

Sales Associate | Lucky Brand — Chesterfield, MO *October 2024 – Present*

- Diagnosed and resolved technical and product issues for customers daily, logging each issue and its resolution and escalating complex cases when needed
- Configured, operated, and troubleshooted POS hardware/software systems, resolving transaction errors and system malfunctions to minimize downtime
- Delivered hands-on technical training to new hires on internal software systems, consistently reducing onboarding ramp-up time
- Partnered with team members to identify workflow inefficiencies and implement process improvements

Teaching Assistant | Kumon — Chesterfield, MO *July 2021 – December 2024*

- Maintained and audited records for an ongoing student caseload across internal databases, logging discrepancies and resolutions to achieve 100% data accuracy through consistent quality-control checks over 3+ years
- Organized digital and physical record keeping systems, improving file retrieval efficiency for staff
- Applied strict quality-control standards to evaluate assignments, identifying discrepancies and communicating solutions clearly
- Translated technical/academic concepts into clear, step-by-step explanations for a non-technical audience — a core support skill
- Collaborated with a team of instructors to streamline center operations and improve overall user experience

Education

University of Missouri – Saint Louis *August 2023 – May 2026*

Bachelor of Science in Business Administration — Information Systems & Technology Emphasis

St. Louis Community College – Wildwood *August 2021 – May 2023*

Associate's Degree, General Transfer Studies
